Senator Osten, Representative Miller, and members of the Planning and Development Committee,

I am Sen. Henri Martin, and I am testifying in favor of Proposed H.B. No. 5094: AN ACT CONCERNING THE CONSTRUCTION OF A WATER LINE IN THE TOWN OF THOMASTON.

I represent the Town of Thomaston. I am working closely with Thomaston town officials. This legislation would address a key public health and infrastructure issue for the town and would have long-term benefits for town residents.

This bill would authorize the construction of a water line in Thomaston on Jackson Street to provide clean drinking water to area residents.

This water line will deliver the water required to meet local public health, public safety and economic development needs.

A long-term supply of clean water in this section of Thomaston is both necessary and important. It is a top priority for town officials.

Thank you for your consideration of H.B. 5094.

Best Regards,
